I seem to be the target of troublemakers and harrassers
at BMRCC. I feel impelled to act in desperate ways.

The filing date for the Mar 4 Texas primary is Dec 9.

Time is running out. My latest docket for SDTX 2:13cv193
is Oct 8. What has happened since?

My enclosed note to the US Northern District of Texas was
returned, can't use sued envelopes. Was the language over-
reaching?

Merle R Hudgins, Republican Party Chair for Wharton Co
wrote in the Nov 06 El Campo Leader News that filing fees
for some offices can be substituted with a signed petition
of 2% of the registered voters for the area you want to
represent. Can such fees be waived for these counties?

NO item that is not on this approved list can be sold on the commissary. Any changes or deviation from this approved list must be done through the Committee and will be presented to the Director to ensure consistency. However, because an item appears on this list, does not mean it must be sold on your commissary. But, keep in mind, if it appears on this list for your security level, he/she will be allowed to retain possession of said item. Items sold on your commissary should be based on the needs of the inmate population within your facility and the availability of space in your commissary.

Unstamped envelopes are on the IL DOC approved list.

Deleted items will not be available for purchase. However, will be allowable items and removed through attrition.

Non Clear electronics/headphones that are under warranty can go out to be repaired, though will not be allowed back in.

It is the responsibility of each individual inmate to ensure that they only purchase items that can be stored in their property/correspondence boxes in compliance with the Administrative Directive for your respective security level. The accountability will be the responsibility of the inmate.

In accordance with DR535, the CAO has the authority to establish limits. Some purchase limits have been established on the approved list.
